

Supporting parents with accessibility tools on Suffolk County Council's website

Did you know that Suffolk County Council's website has accessibility tools that may make it easier for parents/carers to view the information available?

Parent/carers may find this helpful when using the website to find out more information about school places in Suffolk.

[School places - Suffolk County Council.](#)

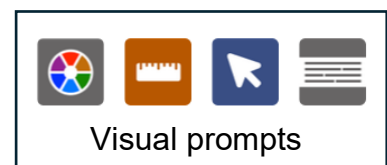

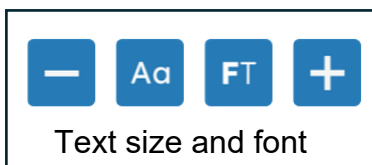

At the top of the website, you will see the following 'Accessibility tools' link.

Click on 'Accessibility tools' icon, and it will bring up the banner below with all the functionalities available.

There are multiple accessibility tools available to support parent/carers with using Suffolk County Council's website, which includes but is not limited to:

If you are having conversations with parents/carers who are applying for school places for September, and who may benefit from using these accessibility tools, please let them know they are available for them to use.
